TRAVEL WITH PURPOSE

WE GO THAT EXTRA MILE EVERY TIME

Unitas Travel is a travel agency like no other. We engage closely with our customers and are experts in meeting their needs and preferences. Each trip is unique – because we always go that extra mile.

Whether it is planning school trips, cultural trips, church trips or getting relief workers to the world's hot spots or simply dealing with calls over the phone, we put people at the heart of everything we do. Climate and sustainability are key focus areas for us, and we work on the principle that people should be treated responsibly and with respect.

Unitas Rejser was founded in 1948 with the aim of providing travelers of all ages with unique travel experiences in every corner of the world – always with safety and security in mind.

Unitas Rejser is owned by YMCA & YWCA in Denmark. This means that our profit goes towards supporting YMCA & YWCA's voluntary child and youth work in Denmark and abroad.

We're close at hand – wherever you go.

GROUP TOURS

TRAVELLING TOGETHER

Every year we send students and their teachers off on fantastic travel experiences in Denmark and the rest of the world. Whether you enjoy visiting big cities, skiing, culture or action and adventure, we are on hand with input, experience and quirky ideas to put together the best solutions for you.

We know what it takes to organise successful school travel. We know that responsible conduct and security are important. We listen to your needs and draw on our expertise. The same contact person works closely with you to ensure the best planning of your shared travel experience – in every respect.

We also draw on our extensive knowledge and experience with group tours when arranging church trips, corporate trips, sports travel etc.

Leave all the planning to us and travel safely around the world.

GROUP TOURS

GREAT EXPERIENCES AND PEACE OF MIND

Group travel is a major undertaking, financially and in terms of the responsibilities involved at a human level. Safety and security are our top priorities every step of the way. Among other things, this means insurance coverage for package holidays and a high level of professional expertise – both in the planning stage and in the event of an accident. And if there is a problem, we can be reached around the clock. We have long-term partnerships with suppliers and customers. In the words of our customers on Trustpilot, the reason they book new group tours with us is because:

"You're in safe hands....they listen to your needs and ensure the best possible travel framework...Best service....Great flexibility, friendliness and understanding of the customer's perspective in the planning stage and when the unexpected occurs...Reliable and professional."

UNITAS HUMANITARIAN

WE HELP THOSE WHO HELP THE WORLD

Actually getting to the places where help is needed is not always easy. With more than 130 faith based and humanitarian organisations among our customers, we specialise in finding the best and cheapest trips.

We have unique expertise in helping people to get to all parts of the world where help is needed. We know that travel plans are complicated and may change at short notice. That security is essential, that flexibility and fast delivery are vital, and that price matters. That's why we have a department that advises on complicated itineraries and finds creative solutions, and why we prioritise building relations with our customers in order to provide an even better service.

We offer value for money and unique prices – thanks to our size and long-standing experience in this particular line of business, as well as special agreements with approx. 30 airlines. Duty of care and CO2 compensation are naturally par for the course.

Our many years of niche experience have made us a leader in the field. We are proud of this, as it is fulfilling for us to help those who help others.
